Group Structure

Progress & Initiative

- About main business : In order to enhance the company's business scope, our company is striving to become internationalized. We continue to discuss cooperation opportunities with several large manufacturers to obtain new orders and cooperation, including channels and joint product development. Our company is actively negotiating relevant details.
- New business section : In the beginning, the industries that our company evaluated were mainly IOT (Internet of Things), cultural and creative and green energy industry. The direction of our planning is mainly based on the trend of Taiwan with potential industry. As the future operation needs to assess the maximum shareholders' rights and interests, the introduction of new business has not yet decided the time schedule.
